Just ensure you have a piece of photographic ID like a passport and some proof of your address like a Utility Bill.

## Appointment & Triage

The online triage service is available Monday – Friday for booking appointments. If your problem is urgent please call or make a submission via the websites. Online Consultation Button before 10am. Unless there are significant issues, all requests are dealt with within 48 hours or less by our specialist team. Based on the nature of the request, those with the greatest needs are prioritised as quickly as possible. Whilst you can call the practice, the triage process has been developed to save you time and ensures you can make your appointments as quickly and easily as possible. It also frees up the phone lines for when you have an emergency and urgently need to speak with the practice. The method of appointment will be determined by a member of the specialist team i.e. telephone consultation, video consults, or a face-to-face appointment.
